

Save Our Waterways (SOW) is dedicated to campaign:

- a) To secure the long term future of the inland waterways of Great Britain.
- b) To ensure that the waterways receive adequate funding and effective maintenance and management.
- c) To protect the waterways as a valued part of our national heritage
- d) To ensure the waterways continue to provide opportunities for leisure, recreation, transport and employment

and to:

- e) Provide a forum for all who want thriving and vibrant waterways for work or pleasure
- f) Collaborate with any group or organisation that shares the above aims.
